Flyte Solutions

Company Overview:

Flyte Solutions is one of the few IT system integration, professional service and software development companies in Dhaka, Bangladesh that works with Enterprise systems and companies. As a privately owned company, Flyte Solutions provides IT Consultancy, software design and development as well as professional services and hardware deployment and maintenance to the following verticals:

- Government, Enterprise, Corporation
- Financial Services (insurance, banking, Retail and Manufacturing)
- Energy and Utilities
- Health Care
- Education.

Flyte Solutions is located in Dhaka, Bangladesh offering fully fledged services for software development and engineering empowering effective near-shore management to its clients. Recognized both on local and regional markets since 2013, Flyte continues to operate with higher client expectancy and flexible solution offers. Flyte Solutions is a pioneer in Interactive Virtual Teams which enables the client and the service provider to establish instant and successful communication channels and support off-shoring and near-shoring business models, thus keeping the deadlines on time and on track.

Infinite's differentiation point comes with three simple principles:

- True collaboration with customers and partners
- Complete understanding of customers business
- Persistence in finishing the job whatever it takes.

We also have special expertise in custom software development – providing specialized products, IT services and custom end to end solutions to our enterprise customers. We gain competitive advantage from these distinctive capabilities and have developed the ability to implement and manage complex IT systems in changing times with greater effectiveness than many competitors. In the last 2 years Flyte Solutions worked on more than 150 projects and has a large customer base of more than 20 customers all over Europe and USA, offering considerably lower priced services than others.

Additionally, Flyte Solutions is experienced in delivery, installation and support of large computer systems and networks and maintains a local Spare Part Consignment Store, providing back-up for customer systems in order to minimize the effects of possible faults. Flyte Solutions has equipment for testing, installation and technical validation of end user solutions.

Furthermore, we offer reasonable Service Level Agreements (SLA) covering most of the additional maintenance services. With our 24/7/365 days per year support, we are making troubleshooting as easy as possible.

Flyte Solutions is a company which intends to be in front of the client's needs, deeply understanding clients' business and delivering and optimizing IT solutions from the initial phase of scoping the requirements, up to the final delivery, maintenance and continuous upgrade. Flyte always look at the things from the customer perspective, but also from customer's customer perspective to grasp their real business need for the IT solutions they deliver.

Our team operates with enthusiasm and flexibility. We are focused on our customers, being their reliable partner for IT services and solutions, working together on a partnership basis, helping them face the challenges of the modern times.

Mission

Flyte Solutions' mission is to enhance the business operation of its clients by developing and/or implementing premium IT products and services.
